3.

- 4. Between 0800 and 1400 on 29 September, 32 MiG-15s and 2 Yak-11s, all with protective covers were observed at Deutsch Wagram airfield. There was a 10/10 overcast at an altitude of about 1,000 meters. There was intermittent rain with a westerly wind of about 15 km/h; visibility was 1,000 meters. No air activity was conducted nor was any activity observed near the aircraft. Two railroad tank cars of the Austrian railroad were seen on the spur track to the fuel dump. Only one searchlight still existed of the western row of searchlights remained (Item No 11). The AA gun emplacement was not occupied.
- 5. The following observations were made in the Deutsch Wagram military post on 29 September:

Temporary buildings opposite to No 28 Bahnhof Strasse (Item No 18). The buildings were occupied by troops wearing black-bordered blue epaulets who had probably vacated the buildings near the school (Item No 4).

No 26 Happt Strasse (Item No 5). At about 1300, lieutenant colonels and 25 officers from lieutenant to captain, all wearing blue-bordered blue epaulets left the building.

No 10 Gaenserndorfer Strasse (Item No 10). Three trucks with the first and last with drivers wearing black-bordered blue epaulets, were parked in front of this building.

Motor vehicle park (Item No 12). Motor vehicles leaving the motor vehicle parked included trucks

UNCODED and tank truck all drivers of which wore black-bordefed blue epaulets.

6. The following observations were made in the Strasshof military post:

Aircraft repair shop (Item No 10). A crane, 3 gray crates and 1 van-like crate were observed in the area of the aircraft repair shop.

Truck with driver wearing black-bordered blue epaulets moved into the workshop. 2

Large building (Item No 6). The following motor vehicles were parked in front of the building:

trucks jeeps The drivers, all of whom wore black-bordered blue epaulets, entered the building.

<u>Cantonment</u> (Item No 8). Three trucks and 2 radio trucks were parked in the motor vehicle sheds of the cantonment.

Camp at the edge of the wood (Item No 9). Sixteen trucks, 8 tank trucks and 6 van-like trucks were parked in the area of the camp. Vehicular traffic observed included truck and driving school truck drivers of which were black-bordered blue epaulets.

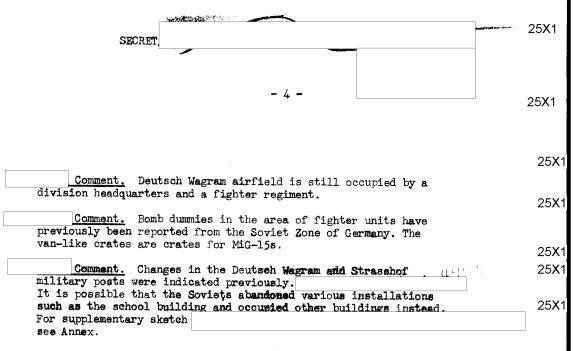

No 26 Lendler Gasse (Item No 14). The buildings, which had apparently changed its utilization, was guarded by sentries wearing black-howdered blue dpaulets. Radio trust

in the yard, while solid fuels had formerly been seen there. The fire wood and coal was now apparently stored in Heine Strasse. 3
